

Anthrax, Fight 'Em 'Til You Can't

When did this begin?

This curse as old as sin

Reality is bleeding at the core

Brilliant savagery

Decapitate and bleed

Out the spoiled seed

'Til it's pure

The darkest devil nightmare blacker than their evil souls you gotta fight 'em

I'll end you

God save us prayers fall on deaf ears so put your faith in force you gotta fight'em

I'll end you

The murder in your eyes is just the will to stay alive you gotta fight 'em

I'll end you

'Cause there's no humanity when the dead come back to feed you gotta fight 'em, fight 'em

In the end of everything

The dead will rise and sing

Fight 'em 'til you can't fight no more

The world is only blood

Rage becomes your love

Fight 'em 'til you can't fight no more

I will end you

Kill and kill the thing

It's mind shattering

When murder is

The only cure

Brilliant savagery

Decapitate and bleed

Out the spoiled seed

'Til it's pure

The darkest devil nightmare blacker than their evil souls you gotta fight 'em

I'll end you

God save us prayers fall on deaf ears so put your faith in force you gotta fight'em

I'll end you

The murder in your eyes is just the will to stay alive you gotta fight 'em

I'll end you

'Cause there's no humanity when the dead come back to feed you gotta fight 'em, fight 'em

In the end of everything

The dead will rise and sing

Fight 'em 'til you can't fight no more

The world is only blood

Rage becomes your love

Fight 'em 'til you can't fight no more

No more! No more!

No more! No!

The darkest devil nightmare blacker than their evil souls you gotta fight 'em

I'll end you

God save us prayers fall on deaf ears so put your faith in force you gotta fight'em

I'll end you

The murder in your eyes is just the will to stay alive you gotta fight 'em

I'll end you

'Cause there's no humanity when the dead come back to feed you gotta fight 'em, fight 'em

In the end of everything

The dead will rise and sing

Fight 'em 'til you can't fight no more

The world is only blood

Rage becomes your love

Fight 'em 'til you can't fight no more

In the end of everything

The dead will rise, rise and sing

Fight 'em 'til you can't fight no more

The world is nothing but only blood

Rage becomes your only love

Fight 'em 'til you can't fight no more

No more! No more!

No more!
