

Anthrax, Got The Time

Wake up,
got another day to get.
Through now,
got another man to see.
Gotta call him on the telephone, way-o.
Gotta find a piece of paper.
Sit down, got another letter to write.
Think hard,
gotta get a letter just right.
Little ringing on the telephone, wo no.
Gotta write another letter.

No such thing as tomorrow.
All we want...
(two three go!)
Got the time tick, tick, tickin' in my head.
Time!
Got the time tick, tick, tickin' in my head.
Time!
Got the time tick, tick, tickin' in my head.
Time
Ticking in my head
Ticking in my head
Ticking in my head

If I tell you what i'm doing today,
will you shutup and get out of my way?
Someone asked me what the time is,
I don't know.
Only know I gotta go now.
No time,
tryin' to get a watch repaired.
No time, never got a thing to wear.
Little ringing on the telephone, wo no.
Hear a ringing in my head now

No such thing as tomorrow.
All we want...
(two three go!)
Got the time tick, tick, tickin' in my head.
Time!
Got the time tick, tick, tickin' in my head.
Time!
Got the time tick tick ticking in my head
Ticking in my head
Ticking in my head
Ticking in my head

No such thing as tomorrow.
All we want...
(two three go!)
Got the time tick, tick, tickin' in my head.
Time!
Got the time tick, tick, tickin' in my head.
Time!
Got the time tick, tick, tickin' in my head.
Time!
Ticking in my head
Time
Got the time tick, tick, tickin' in my head.
Time!
Got the time tick, tick, tickin' in my head.
Time!
Got the time tick, tick, tickin' in my head.

Time!
Ticking in my head
Ticking in my head
Ticking in my head!
