Anthrax, Nfl Efilnikufesin

It started back in high school
So cool, king of the scene
You found that making people laugh
Was more than just a dream
The public took right to you
Like flies to a pile of shit
So funny and smart, so talented
But success just couldn't fit

Wasting your life no future bright Dancing on your grave Living like a slave, someone should've said...

N.f.I., efilnikufesin n.f.I. N.f.I., efilnikufesin n.f.I.

Wake up dead in a plywood bed Six feet from the rest of your life And when you couldn't see your own dependency

N.f.I., nice f**kin' life

The whole world is your playground Yet you can't find your niche Your only friends, it helps you through Helps you dig your daily ditch The bottom line can't touch you Cause you're above the rest But your little friend's the enemy And the bottom line is death

You lived a life of excess
Goddamn shame it's such a waste
Just one too many cookies
From the batch no one should taste
Yet his memory stills stays with us
Cause watching him was fun
Too bad things weren't different
Who knows what he'd have done
