

Anti-Flag, Anti-Violent

100 kids just having fun
Until you come
Your steroid arms
and skinny head

You cut your wrists
slash your face
call it performance art
Trying to be cool,
You're ignorant

Anti Violent X4

You start a fight
Drink Beer all night
And molest little girls

Tell everyone there
that you're psycho
psy so psy psycho

Well I don't think
you're psycho
you're just
another show off
Go and shoot up
one, one last time

Anti Violent

We don't need
your war X4

Anti Violent X4
