## Anti-Flag, Federation

[Verse:]

Don't "flash" brainwash your mind your head swelled up with pride A worldwide family A brotherhood, a sisterhood

Differences are put aside, for positive goals we strive Our new community starts with you

[Chorus: 2x]
Federation, Federation
No flags in a one world nation
Federation, Federation
hey, hey, hey, hey

[Verse:]

ideas are a natural right (our right) "scroll" past a human life. That they will not decide, a new age a new sunrise

Question answers, use your mind... no lie truth we'll find Our new community starts with you

[Chorus: 2x]
Federation, Federation
No flags in a one world nation
Federation, Federation
hey, hey, hey, hey

[Outro:]
When we will fight (we will fight)
Yeah we will fight (we will fight)
For freedom
