

# Anti-Flag, I Don't Want To Be Like You

see you there, youve got a cold blank stare  
and you wish i was, but im not  
and you? well now you just dont get it  
its the hate in your eyes. its the hate in you heart  
i stand there and laugh as they cut you apart  
kill people for fun, kill people for sport

[Chorus x4]

i dont want to be like you  
i dont want to control you

all day big brother schemes. and into the night  
they push you down, push you around  
grab on hold of your mind. over run it  
and crush it(break you down)  
but you dont know  
because nobody know  
because nobody cares  
because nobody tries  
they cut into your heart, they cut into your mind

[Chorus Repeat]
