

# Anti-Flag, No Paradise

Smoke stacks reach the sky  
As talk of revolution heats the air  
In every city street  
In every state  
The truth stands all too clear

The kids are sick and tired of the news today  
Sick and tired of all the lies

We want the truth  
It isn't going to be no paradise  
Forget the claims  
Oh no  
We need to take the world back now  
We need to take control right now

Promises of a better tomorrow  
Promises bought on borrowed dollars  
No disaster ever looked so great  
So while I say  
As old men delivered that league of terror; war  
We ask ourselves what are we dying for?

So all the kids are sick and tired of the news today  
Sick and tired of all your lies  
We want the truth  
It isn't going to be no paradise  
Forget the claims  
Oh no  
We need to take the world back now  
We need to take control right now

The richest of the rich, dine in fancy cafes  
Not a worry of their days  
The cost of luxury, throughout empires of history  
His vengeance from those empires enslaved

You better hear us now  
It isn't going to be no paradise  
Forget the claims  
Oh no
