

# Anti-Flag, Rotten Future

All you punkers with your  
No Future dreams  
Follow Johnny Rotten and  
All our present beliefs  
Following society be what  
They want you to be  
Drunk and Quiet  
"There's No Future for me";

IMPATIENCE with society  
BE WHAT they want you to be  
IMPATIENCE "there is No Future here";  
"I'm not lazy I just don't care";

Of course there is no future when  
You make sure there is none  
Impatience "time is wasting,  
There is No Future to be won";  
If you truly don't care,  
then why talk No Future  
Excuses hang like a noose  
"I've given up I just don't care";

IMPATIENCE with society  
BE WHAT they want you to be  
IMPATIENCE "there is No Future here";  
"I'm not lazy I just don't care";

Of course you'll bring no change  
When you sit home on your couch  
We need to stand up and fight  
Bring our future to a start  
We can change things just as  
Long as we take the time  
Generations, generations, generations  
They're not they same

IMPATIENCE with society  
BE WHAT they want you to be  
IMPATIENCE "there is No Future here";  
"I'm not lazy I just don't care"; (x2)
