

Anti-Flag, Sodom, Gomorrah, Washington DC

Nailed to the cross, dead for collective sin.
We decide where, why, who, and when.
Build our bibles to ONLY include the things
we believe to be divine and true.
This is our right.
This is our life.
Everyone homogenized.
Sodom, Gomorrah, Washington D.C.
Smited into oblivion with blood, wrath, and disease.
Sheep in shepherd's clothing.
Allah, Jesus, Muhammad.
Their words have way more in common
than than the Midwest or the Middle East like to preach.
It's a tragedy.
It's a strategy.
To prey on contrast to not indulge fact.
Divide, conquer, subcontract.
The scriptures blind followers read are not as cryptic as they seem.
The pages serve the sick and poor,
not to serve the capitalists of endless war.
Religion is the opiate of the weak.
