Resolution
Why can't we find a resolution
Wise up and find one now with me
Before the judge, then execution
And now we're feeling more at ease?

Coz I'm a man trying to understand Why I take this medication And I'm a man trying to understand Why I take this medication

A human life now gone forever Wise up and stop it now ohh please It's not our place, but we endeavour A judgement will arrive you'll see

Coz I'm a man trying to understand Why I take this medication And I'm a man trying to understand Why I take this medication
