

# Antony And The Johnsons, Man is the Baby

Yearning for more than a blue day  
I enter your new life for me  
Burning for the true day  
I welcome your new life for me  
Forgive me, Let live me  
Set my spirit free  
Losing, it comes in a cold wave  
Of guilt and shame all over me  
Child has arrived in the darkness  
The hollow triumph of a tree  
Forgive me, Let live me  
Kiss my falling knee  
Forgive me, Let live me  
Bless my destiny  
Forgive me, Let live me  
Set my spirit free  
Weakness sown, Overgrown  
Man is the baby
