

Ape, Brain D.

A young kid meaning to do no harm
Was walking down the street but didn't get far
There was a fight between the punks and the jocks
They ran him down those ignorant fucks
One kid dies and a villain goes free
What the fucks wrong with society
Live in fear and with any luck
We wont get hit by a fuckin truck
It's a shame what happened to Brian D
Such a sad sad thing that had to be seen
Shame what happened to Brian D
A good kids life is gone in a flash
I didn't know this world was so fuckin bad
Unity will work if we just give it a try
But until that day more good people will die
One kid dies and a villain goes free
What the fucks wrong with society
Live in fear and with any luck
We wont get hit by a fuckin truck
It's a shame what happened to Brian D
Such a sad sad thing that had to be seen
Shame what happened to Brian D
