

Aphasia, Release (New Version)

Bite your lip
And clench your fist
And tell me that I'm wrong
You go on and on and on and on and on

I don't want it, I don't need it
I don't want it, I don't need it
Cause it brings me down
One day you'll wake to find me gone

This we end tonight
The pain we end tonight
I've had enough so take it back I'm gone
This we end tonight
This we end tonight
So take it back I'm gone

We work it out
We scream and shout
So hard to get along
You go on and on and on and on and on

I don't want it, I don't need it
I don't want it, I don't need it
Cause it brings me down
One day you'll wake to find me gone

This we end tonight
The pain we end tonight
I've had enough so take it back I'm gone
This we end tonight
This we end tonight
So take it back I'm gone

No, I know
I will not let this go
No, I know
I will not let this go, not let this go, not let this go, not let this go

This we end tonight
The pain we end tonight
I've had enough so take it back I'm gone
This we end tonight
This we end tonight
So take it back I'm gone

No, I know
I will not let this go
No, I know
I will not let this go [2x]
