

# Apollo 440, Pain Is A Close Up

Pain is a close up  
And happiness a long shot  
Pain is a close up  
And happiness a long shot  
Your consciousness is  
The only censorship  
Your consciousness is  
The only censorship  
You wake up  
You shut down  
You wake up  
You shut down  
Pain is a close up  
And happiness a long shot  
Pain is a close up  
And happiness a long shot  
Love is a virus  
It breaks your system from within  
Love is a virus  
It breaks your system from within  
Your consciousness is  
The only censorship  
Your consciousness is  
The only censorship  
Time is a jet plane  
My life is burning up  
Time is a jet plane  
My life is burning up  
Pain is a close up  
And happiness a long shot  
Pain is a close up  
And happiness a long shot  
You wake up  
You shut down  
You wake up  
You shut down  
Your consciousness is
