

ApologetiX, John 1:1

Well, it's not a very hard thing to prove so I can't understand now.
Seems they forgot all about when Christ very nicely told them "I AM", now.
But here's a way we know that the Lord Jesus wasn't just a good man now.

You'll see that
John 1:1 tells us God is really Jesus the Word.

You know the verse says the Word was with God in the very first place now.
(You watch what it says now, you watch what it says.)
It says that in the beginning the Word was with God. It's there in your face now.
(You look up the place now, you look up the place.)
A lot of guys might not catch it yet but Jesus was the Word made flesh now.
(The Bible explains now, the Bible explains.)

You see that
John 1:1 tells us God is really Jesus the Word.

Well, you knew all along but you had to get some Bible proof now.
(The proof is supplied now, the proof is supplied.)
And if you look yourself you'll see that the things we talked about are all true now.
(We wouldn't have lied now, we wouldn't have lied.)
You see that John 1:1 says Jesus is God and not big guru now.
(Yeshua's divine now, Yeshua's divine.)

You see that
John 1:1 tells us God is really Jesus the Word.
