

Apoptygma Berzerk, Into The Unknown

We got lost inside a storm
dazed and hurt we fought it through
drawn to the light both detached
heading into the unknown

Whenever you wanted me
I was there for you
and by a torch of faith
I set myself on fire

How long must I wait for you?
I just can't get you off my mind)
How long must I wait for you?
(being apart is wasting time) (X2)

There's a voice inside my head
Telling me to go on alone
That I'd stand a better chance
To get through this on my own

Whenever you wanted me
Well, I was there for you
and by a torch of faith
I set myself on fire

How long must I wait for you?
(I just can't get you off my mind)
How long must I wait for you?
being apart is wasting time)
