

# Apoptygma Berzerk, Nearer

You are reaching your goals  
But I'm still trapped inside of mine  
Before the break of day  
You will be gone and far away

In solitude  
With no place to run or hide  
I hear my own mind cry  
And I fall just to see you rise

And I will go down on my knees  
And pray the best that I can  
I want you to be near...  
And I will go down on my kness  
And try to make you understand  
My deepest fear

With pain in my heart  
I will travel on my own  
To that place inside  
Where I can be alone

In solitude  
With no place to run or hide  
Again I hear this voice cry out  
And I fall just to see you rise

And I will go down on my knees  
And pray the best that I can  
I want you to be near...  
And I will go down on my kness  
And try to make you understand  
My deepest fear

In solitude  
With no place to run or hide  
I hear my own mind cry  
And I fall just to see you rise

And I will go down on my knees  
And pray the best that I can  
I want you to be near...  
And I will go down on my kness  
And try to make you understand  
My deepest fear
