

# Apoptygma Berzerk, Something I Should Know

I got a feeling  
That tells me something's wrong  
I guess I'm just jealous  
But I'm afraid you know something I should know

Got a feeling deep inside  
That you know something I should know  
I know that something isn't right  
Cos I hold secrets too and you know

I got a feeling  
That tells me something's wrong  
I guess I'm just jealous  
But I'm afraid you know something I should know too

(repeat x4)  
Got a feeling deep inside  
That you know something I should know  
I know that something isn't right  
Cos I hold secrets too and you know

Got a feeling deep inside... (repeat to fade)
