

Apple Fiona, The Way Things Are

Apple Fiona

When The Pawn...

The Way Things Are

I wouldnt know what to do with another chance

If you gave it to me

I couldnt take the embrace of a real romance

Itd race right through me

Im much better off the way things are

Much much better off, better by far, by far

I wouldnt know what to say to a gentle voice

Itd roll right past me

And if you chalk it up youll see I dont really have a choice

So dont even ask me

Im much better off, the way things are

Much much better off, better by far

So keep on calling me names, keep on, keep on

And Ill keep kicking the crap till its gone

If you keep on killing, you could get me to settle

And as soon as I settle, I bet Ill be

Able to move on

How can I fight, when were on the same side

How can I fight beside you

So keep on calling me names, keep on, keep on

And Ill keep kicking the crap till its gone

If you keep on killing, you could get me to settle

And as soon as I settle, I bet Ill be

Able to move on

So keep on calling me names, keep on, keep on

And Ill keep kicking the crap till its gone

If you keep on killing, you could get me to settle

And as soon as I settle, I bet Ill be

Able to move on
