

# Appleton, Don't Worry

Don't worry 'cos i always be there for you

I just needed you to comfort me  
And I have tried to make it right  
And I don't know that I feel so sure  
But I think that we must stand  
So I've sung this song for you  
And I just want you to say to me

Don't worry 'cos I'll always be there for you  
And the heavens above  
Don't worry 'cos I'll always be there for you  
And the heavens above  
Don't worry 'cos I'll always be there for you (always be there)

And all I wanted was to stand alone  
So is there a place that we could meet (that we could meet)  
And you see this face within, your face and I  
Stayed away but I am back to hear you say

Don't worry 'cos I'll always be there for you  
And the heavens above  
Don't worry 'cos I'll always be there for you  
And the heavens above  
Don't worry 'cos I'll always be there for you (always be there)  
(And the heavens above)

Can you hear me (can you hear me)  
Through the spaces (through the spaces)  
Wondering in this wonderland  
And if I try to understand it  
Broken Man (broken man)

Don't worry 'cos I'll always be there for you  
And the heavens above (broken man)  
Don't worry 'cos I'll always be there for you (always be there broken man)

Yeah hey yeah (rpt until fade)
