I like to rock and i like to roll
I like the blues if it's got some soul
I take my lovin' any way you can
So if you got the time, honey i'm your man

Cause i'm alive, i'm alive, i'm alive
I've learned to coped with the crap and jive
Remember boy, just to stay alive
Only the strong survive
Only the strong survive, and i'm alive, yeah

I got no reasons for slowin' down
I like to move, and i'm glory bound
The silent runner in the edge of night
So don't you stand in my way, unless you wanna fight

Cause i'm alive, i'm alive, i'm alive
I left my family in '65
And they said boy, just to stay alive, yeah
Remember only the strong survive
Only the strong survive, keep your head up boy, ooh
I'm alive (i'm alive), i'm alive (i'm alive)
And i really feel like gettin' it on
I'm alive (i'm alive), i'm alive (i'm alive)
I said i'm ready and i'm feelin' alright, ooh
And i'm gonna find some lovin' tonight, some good good love
And i'm lookin' at you, i know what i wanna do, yeah
Something i can get into

I'm alive, i'm alive, i'm alive
I left my family in '65
And they said boy, just to stay alive, yeah
Remember only the strong survive, they said
I'm alive, i'm alive, i'm alive (i'm alive)
I can cope with all that crap and all that jive, baby (i'm alive)
I'm alive, i'm alive, i'm alive (i'm alive)
And it feels good, yeah
