Without Your Love

(myles goodwyn)

Published by northern goody two tunes, ltd./capac - ascap

Seemingly related, it's complicated  
It's understood now, it's up to me now  
Everybody knows that it's over, you  
Everybody knows that it's gonna break my heart in two

(without your love) without your love, it's wrong  
(without your love) without you, i'm not that strong  
(without your love) i got nothin' at all  
It's such a long, long way to go, without your love

Needing you, needing anyone as much as i need you  
Takin' the truth, takin' nothin' for granted  
Reaching out in all directions, i'll have you to stay  
Waiting for an invitation, to steal your heart away

(without your love) without your love, it's wrong  
(without your love) without you, i'm not that strong  
(without your love) i got nothin' at all  
It's such a long, long way to go  
(without your love) without your love, i'm done  
(without your love) without you, i can't go on  
(without your love) i got nothin' at all  
It's such a long, long way to go, without your love

Seems now that i've mistaken you  
Seems like now i could be losing you  
What i feel, it's all illusion  
What you feel, it's so confusing  
So unreal that i'm still tryin' to steal your heart away

(without your love) without your love, it's wrong  
(without your love) without you, i'm not that strong  
(without your love) i got nothin' at all  
It's such a long, long way to go  
(without your love) without your love, i'm done  
(without your love) without you, i can't go on  
(without your love) i got nothing at all  
It's such a long, long way to go, without your love
