

Aquagen, Summer Is Calling

The summer is calling...

Take a trip up to the beach
Let the sun shine in your heart
Makes you feel good, makes you smile
Be free and let yourself go
Take a look up to the stars
They are shining bright tonight
Makes you feel good, makes you smile
Makes you feel like flying away

The summer is calling, your name
And it feels and it feels like in heaven (repeat)

The summer is calling...
