Arapaho

1, 2 Mile From Eden

Lucid World

Went down fascination street the other day  
Sick of waiting for the sun to shine on me  
Smelt the incense and parted the beads  
She looked up and held her hand out to me  
She didn't look into the clear glass world  
She didn't try to explain the lines on my palm

There's nothing I can say  
That you don't already know  
Just sing yor song aztec rain  
And try to make your way home

You got to bleed that whisky heart  
You got to cry yourself to sleep  
You got to watch your lucid world  
Blow away beneath your feet

She didn't look into the clear glass world  
She didn't try to explain the lines  
This is your song Gemini life  
So beautiful and so sad

You got to bleed that whisky heart  
You got to cry yourself to sleep  
You got to watch your lucid world  
Blow away beneath your feet
