

Arapaho, Lucid World

Arapaho

1, 2 Mile From Eden

Lucid World

Went down fascination street the other day
Sick of waiting for the sun to shine on me
Smelt the incense and parted the beads
She looked up and held her hand out to me
She didn't look into the clear glass world
She didn't try to explain the lines on my palm

There's nothing I can say
That you don't already know
Just sing yor song aztec rain
And try to make your way home

You got to bleed that whisky heart
You got to cry yourself to sleep
You got to watch your lucid world
Blow away beneath your feet

She didn't look into the clear glass world
She didn't try to explain the lines
This is your song Gemini life
So beautiful and so sad

You got to bleed that whisky heart
You got to cry yourself to sleep
You got to watch your lucid world
Blow away beneath your feet
