</lyrics>

Once, I was in love with you
I was very happy with you
But then you played around
Don't come close to me

Go away, I don't want you anymore
I don't wish to see you anymore
Go away, I love someone else
I don't wish to see you anymore
(Repeat 2X)

Once, I was in love with you
I was very happy with you
But then you played around
I do not desire you anymore

Once, I was in love with you
I was very happy with you
But then you played around
Don't come close to me

Go away, I don't want you anymore
I don't wish to see you anymore
Go away, I love someone else
I don't wish to see you anymore
(Repeat 4X)
