

Arch Enemy, Angelclaw

Angelclaw - A queen of the night
She reigns from her throne of stone
Bringer of evil, a destroyer of souls
Do what thou wilt, lust is her excuse

She'll use you up, suck you dry
This beautiful creature makes you high
Try to break the spell that is cast
Bu she knows you all to well

Angelclaw...

Effigy of a God long forgotten
A sickening ritual
She raises the chalice of blood
The hunt starts again...
