

# Arch Enemy, I Am Legend Out For Blood

I am after you  
A shadow on the hunt  
Don't turn around  
I am right behind you  
I will get to you  
And take you down  
Tear your insides out  
Crush your soul  
I am out for blood  
Out for your blood  
I am harder than steel  
Break your will  
Waiting all my life  
To kill  
I will get to you  
And take you down  
Tear your insides out  
Crush your soul  
I am out for blood  
Out for your blood  
I can smell your flesh  
I can taste your sweat  
I can sense your fear  
I am right here
