

# Arch Enemy, Under Black Flags We March

Your hate is our trigger  
Revolution now  
The more we have to suffer  
The more we will fight  
With our fists up in the air!  
Legions marching - ready to fire  
These streets will burn - let the black flag rise  
Legions marching - ready to fire  
Empires of corruption - crash and fall  
Under black flags we march...  
The voice of rebellion  
Calls your name  
Servants of the truth  
Are standing tall  
With our fists up in the air!  
Legions marching - ready to fire  
These streets will burn - let the black flag rise  
Legions marching - ready to fire  
Empires of corruption - crash and fall  
Legions marching - ready to fire  
These streets will burn - let the black flag rise  
Legions marching - ready to fire  
Empires of corruption - crash and...
