

Archie Bronson Outfit, Cherry Lips

Lovely fingertips on my lips
I don't think I'll get, get, get it
Oh, it's so fun to love someone
Try, try to get, get over it
Your fat cherry lips
Your fat cherry lips
Your fat cherry lips
Lovely fingertips on my lips
I don't think I'll get, get over it
Broken fingertips on your hips
I don't think I'll get, get, get it
All your love is stitched on me
I don't think I'll get, get over it
Little hooks stuck on my back
Ten little tears that make their attack
Your fat cherry lips
Your fat cherry lips
Your fat cherry lips
It's so fun to love someone
Just try try to get, get over it
Skeleton pictures play in my mind
I think I'll always miss, miss, miss it
Your fat cherry lips
Your fat cherry lips
Your fat cherry lips
It's so fun to love someone
Just try try to get, get over it
Skeleton pictures play in my mind
I think I'll always miss, miss, miss it
Your fat cherry lips
Your fat cherry lips
Your fat cherry lips
