

Architecture In Helsinki, That Beep (Radioclit's Fr

[feat. Marina]

C- Can you wake up

Boy it ain't long 'til the warning arrives

And it's this shake up

That's got me waiting for your dynamite

I never knew your middle name

No need to play that game

I called your doctor up and he promised me pain was fun

Tried a little bit of moving on

It lasted way too long

Dressed up as bubblegum

I'm stuck to your shoe, let's run

Can you give me that

[Spanish]

Did they mistake us,

For and 8 that's turning into a 9

Said If i play the evil lover can i trade you for your Alibi?

Done living like a runaway

Break those hearts so carefully

Done living like a runaway

Every time that I turn around

I let you down. You read my mind...

(Bring the beep back)

You got That Beep, That Beep, That Boh B-Boh x 3
