

# Archive, Bright Lights

Lights on  
In the air  
Someday feel the emptiness  
Live for a day ...  
Got a stream ..  
Never main such slide od decay  
In the flash ...

Bright Lights feeding me  
Bright Lights are traveling deep  
Bright Lights are surrounding me

Shadows are all livin' me  
... the beautiful  
I want to see how far we go out  
I want to hold you darling  
That a prize that's keeping me still  
That's keeping you here

Bright Lights are killing me  
Bright Lights are pulling me in  
Bright Lights are flattering me  
Bright Lights feeding me  
Bright Lights are traveling deep  
Bright Lights are surrounding me
