

Archive, Every Single Day

Every day I dare to look
I don't know if you know
Such a waste of time of time
So much time

Extinguish feeling
Extinguish meaning
There is nothing

All your words of never ending nothingness
Consumed by make believe, make believe
Such a waste of time of time
So much time

Extinguish feeling
Extinguish meaning
There is nothing

You swim in sorrow waters in your mind
Pulling you under

Extinguish feeling
Extinguish meaning
There is nothing

It's such a waste of time
