Heal down to me  
I've rested with you  
I've spend always time  
Time with my brothers  
Love for my sister  
Now I'm fine  
And I wanna come home  
These been some tears  
Many fears about the way  
The way that you love  
The pain when you're bad  
It makes me sad  
Totally mad  
Now I need to come back home  
How beautiful  
So wonderful  
A beautiful love  
Friends 'til the end  
Now I'm home  
Sweet home
