

# Arctic Monkeys, One For The Road

One for the road, ooh ooh

From the bottom of your heart, the relegation zone  
I saw this coming from the start  
The shake rattle and roll  
The cracks in blackout blinds cast patterns on the ceiling  
But you're feeling fine  
I thought it was dark outside  
I thought it was dark outside

One for the road  
So we all get back to yours and you sit and talk to me on the floor  
There's no need to show me round baby  
I feel like I've been here before  
I've been wonderin' whether later when you tell everybody to go  
Will you pour me one for the road?

I knew this would be on the cards  
I knew you wouldn't fold  
I saw this comin' from the start  
The shake rattle and roll

One for the road  
So we all get back to yours and you sit and talk to me on the floor  
There's no need to show me round baby  
I feel like I've been here before  
I've been wonderin' whether later when you tell everybody to go  
Will you pour me one for the road?

The mixture hits you hard  
Don't get that sinking feeling  
Don't fall apart  
Some out of tune guitar  
Soundtrack to disaster

Ooh ooh, one for the road (x4)  
Ooh ooh (x4)
