

Arena Tina, No Shame

Arena Tina
In Deep
No Shame

It took me twenty years to stand up straight and tall
It took me all of twenty seconds for everything to fall
I don't worry about my pride anymore
'Cause pride is something, I just can't afford

I'd go beggin' in the rain
If I could spare you any pain
When it comes to you, I have no shame
No shame, no shame

There's no life by your side, I wouldn't live
There's no sin you could commit that I would not forgive
I don't try to understand anymore
'Cause I just know my world, begins at your door

If I could keep you from the cold
If I could make your tears my own
I'd do anything, I have no shame

No shame - for the first time in my life
No shame - to get it right for you I wouldn't think twice
No shame - nothin' I won't sacrifice
There's nothing I won't do baby
To get you through the night

Fallin', fallin'
I'll be there to reach you baby
To catch you when you're cryin'
I'll be callin', I'll be callin'
With a love for you that no name
I have no shame

I'd go beggin' in the rain
If I could spare you any pain
When it comes to you, I have no shame

No shame - for the first time in my life
No shame - to get it right for you I wouldn't think twice
No shame - nothin' I won't sacrifice
There's nothing I won't do baby
To get you through the night
