

# Arena Tina, Rumour Has It

Arena Tina  
Strong As Steel  
Rumour Has It  
Heard a rumour  
You've been seen out late at night with a friend  
And there's a word that's going 'round  
That soon our love will end  
Heard a rumour  
I don't believe it  
It's all over town  
I won't believe it

There's a story I heard  
That you've met somebody new  
That she's young and beautiful  
And means a lot to you  
Rumour has it  
I don't believe it  
It's all over town  
I won't believe it

'Cause if you lied to me  
After all we had  
If you break us apart  
I'll be more than mad  
I won't believe it

There'll be thunder on the mountain  
Darkness on the sea  
I've given everything  
And you won't take that from me  
There's a rumour  
I won't believe it  
Rumour has it  
I can't believe it

There are certain things I've heard  
You'll find hard to deny  
I'll accept it if you say  
It's just a pack of lies  
There's a rumour  
I don't believe it  
The word's been going 'round  
I won't believe it

'Cause if you lie to me after all we had  
If you break us apart  
I'll be more than mad  
I won't believe it
