

# Arhanna Sandra Arbma, Hoiame Kokku (Estonia)

Kui üksi tunned end,  
ei murest üle saa  
ja näib, et sõbrad sind  
ei hoia, armasta,  
usu, looda, tea,  
kõik saab korda veel –  
tea, et sõber hea  
on su juurde teel.  
Uu-uu-uu...

Hoiame kokku,  
nii on meil lootust,  
et sõber on olemas,  
ole olemas!  
Hoiame kokku,  
nii on meil lootust,  
et sõber on olemas,  
ole olemas!

Kui tuge vajad sa,  
sõber annab nõu  
ühes temaga  
leiad endas uue jõu.  
Uu-uu-uu...

Hoiame kokku,  
nii on meil lootust,  
et sõber on olemas,  
ole olemas!  
Hoiame kokku,  
nii on meil lootust,  
et sõber on olemas,  
ole olemas!  
Aa-aa-aa-aa

Hoiame kokku,  
nii on meil lootust,  
et sõber on olemas,  
ole olemas!

Staying together  
days will be better  
as friend is right there with you  
always there with you  
Staying together  
days will be better

I will stand by you!

ENG

When you are feeling alone  
Not able to get over your worries  
And it seems that your friends  
Don't care, don't love you  
Believe, hope and know  
That everything be alright  
Know that a good friend  
Is coming to you  
Oh-oh-oh...

Staying together  
So we have hope  
That a friend is there

Be there!  
Staying together  
So we have hope  
That a friend is there  
Be there!

When you need support  
A friend will guide you  
And together  
You'll find new strength inside  
Oh-oh-oh...

Staying together  
So we have hope  
That a friend is there  
Be there!  
Staying together  
So we have hope  
That a friend is there  
Be there!

Staying together  
So we have hope  
That a friend is there  
Be there!

Staying together  
days will be better  
as friend is right there with you  
always there with you

Staying together  
days will be better  
I will stand by you!
