Ariana Grande, Just For Now

Just for now (x6)

How did you know? It's what I always wanted, You can never have too many of these Will ya quit kicking me under the table? I'm trying, will somebody make her shut up about it? Can we settle down please?

It's that time of year, Leave all our hopelessnesses aside (if just for a little while) Tears stop right here, I know we've all had a bumpy ride (I'm secretly on your side)

Lie down Deep breaths Count to ten Nod your head

I think something is burning, Now you've ruined the whole thing Muffle the smoke alarm Whoever put on this music Had better quick, sharp, remove it Pour me another Oh, don't wag your finger at me

It's that time of year, Leave all our hopelessnesses aside (if just for a little while) Tears stop right here, I know we've all had a bumpy ride (I'm secretly on your side)

Will ya get me outta her, get me outta here, get me outta here Just for now
