

# Ariana Grande, Normani, Nicki Minaj, Bad To You

baby i've been  
feeding the addiction  
flyin' from there and back  
felt like an acrobat

drown eyed so i  
fell into submission  
need to catch myself  
like: WHAT THE HELL

now we pull your chain  
just to wake you up  
wake you up  
push til you break  
now you're stepping up  
stepping up

why you are only  
good to me  
when i'm bad to you

why you are only

why you are only  
good to me  
when i'm bad to you

why you are only

loving you and hating you  
is in depending on the day  
tell me why

why you are only  
good to me  
when i'm bad to you

why you are only

stop  
thinking like a victim  
this time  
i 'll throw it back  
boy can you handle that  
got you tripping  
gave you no attention  
that's when i figured out

now we pull your chain  
just to wake you up  
wake you up  
push til you break  
now you're stepping up  
stepping up

why you are only  
good to me  
when i'm bad to you

why you are only

why you are only  
good to me  
when i'm bad to you

why you are only

loving you and hating you  
is in depending on the day  
tell me why

why you are only  
good to me  
when I'm bad to you

why you are only
