Ariana Grande, saturn returns interlude

Ariana Grande prezentuje piosenkę "saturn returns interlude" z płyty "eternal sunshine" (premiera 8

When we're all born, Saturn's somewhere
And the Saturn cycle takes around, about twenty-nine years
That's when we gotta wake up and smell the coffee because if we've just been sort of
Relying on our cleverness or relying, you know, just kind of floating along
Saturn comes along and
Hits you over the head, hits you over the head and says

Hits you over the head, hits you over the head, hits you over the head and says "Wake up!"

It's time for you to get real about life and sort out who you really are

Wake up! Get real
