

# Ariana Grande, supernatural

Ariana Grande prezentuje piosenkę "supernatural" z płyty "eternal sunshine" (premiera 8 marca 2020)

Don't want nobody else around me  
Just need you right here  
You're like the only thing that I see  
It's crystal clear, and I

I want you to come claim it, I do  
What are you waiting for?  
Yeah, want you to name it, I do  
Want you to make it yours

It's like supernatural  
This love's possessing me  
But I don't mind at all  
It's like supernatural  
It's taking over me  
Don't wanna fight the fall

It's like supernatural  
This love's possessing me  
But I don't mind at all  
It's like supernatural  
This love's possessing me  
But I don't mind at all

Need your hands all up on my body  
Like the moon needs the stars  
Nothing else felt this way inside me  
Boy, let's go too far

I want you to come claim it, I do  
What are you waiting for?  
Yeah, want you to name it, I do  
Want you to make it yours

It's like supernatural  
This love's possessing me  
But I don't mind at all  
It's like supernatural  
It's taking over me  
Don't wanna fight the fall

It's like supernatural  
(This love's possessing me but I don't mind at all) no, I don't even mind at all  
It's like supernatural  
(This love's possessing me but I don't mind at all) no, I don't even mind at all

Yeah

I want you to come claim it, I do  
You to come name it, I do

This love's possessing me  
But I don't mind at all  
It's like supernatural  
It's taking over me  
Don't wanna fight the fall

It's like supernatural  
(This love's possessing me but I don't mind at all) no, I don't even mind at all  
It's like supernatural  
(This love's possessing me but I don't mind at all) no, I don't even mind at all  
It's like supernatural
