Ariana Grande zapowiada nowy singiel "yes, and?". Premiera utworu w piątek 12 stycznia 2024r.

in case you haven't noticed  
well, everybody's tired  
and healing from somebody  
or something we don't see just right

boy come on put your lipstick on  
(no one can tell you nothing)  
come on and walk this way through the fire  
(don't care what's on their mind)  
and if you find yourself in a dark situation just  
turn on your light and be like

"yes, and?"  
say that shit with your chest..... and  
be your own fuckin best..... friend  
say that shit with your chest.....  
keep moving like "what's next?"  
"yes, and?"

now i'm so done with caring  
what you think, no i won't hide  
underneath your own projections  
or change my most authentic life

boy come on put your lipstick on  
(no one can tell you nothing)  
come on and walk this way through the fire  
(don't care what's on their mind)  
and if you find yourself in a dark situation just  
turn on your light and be like

"yes, and?"  
say that shit with your chest..... and  
be your own fuckin best..... friend  
say that shit with your chest.....  
keep moving like "what's next?"  
"yes, and?"

my tongue is sacred, i speak upon what i like  
protected, sexy, discerning with my time  
your energy is yours and mine is mine  
what's mine is mine

my face is sitting i don't need no disguise  
don't comment on my body, do not reply  
your business is yours and mine is mine  
why do you care so much whose ! i ride  
why?

"yes, and?"  
say that shit with your chest..... and  
be your own fuckin best.....friend  
say that shit with your chest.....  
keep moving like "what's next?"  
"yes, and?"
