

# Arid, I Want Someone Badly

Now I want someone badly  
Got a girl here tonight  
Want someone new, someone new  
A little cry want someone badly  
Wanna know if this is a bad lease on me  
Now I wanna know  
Am I sure that I heard you right  
I wanna know  
If you're leaving  
Just do it tonight  
Now I want someone badly  
To burn in here with me  
(You better listen baby)  
Cause I, I cry all over madly  
Don't do anything, do it with me  
I wanna know  
Am I sure that I have your love  
I wanna know  
If you're leaving  
Just make sure it's right  
Now I want someone badly  
Could it be true  
That someone is you
