

# Ariel Pink, Crying

cryin'  
to save a world that's dyin'  
i'm cryin'  
so lay the plans if you've got 'em  
never let 'em touch you, no  
don't go  
i'm lyin'  
touch me and i'll touch you first  
no, now you', now you're cryin'  
to make a change in science  
i'm cryin'  
i'll make the chance, i'm runnin'

fever in the dark  
light change  
came back crashing onto the earth

i witnessed your weakness  
we all want  
i witnessed your weakness  
freedom

lay the plants in the garden  
never let 'em touch you, no  
don't go  
i'm lyin'  
touch me and i'll touch you first, no  
now you're cryin'  
ooh, freedom  
yeah

oh, freedom  
so now i'm freedom  
i'm freer

i don't mind the freedom
