

Ariel Rivera, Jealous

Jealous of the girl who caught your eye
One of my darker days
When you looked at her where was I?
Shoulda been in her place
Here I am
All alone imagining what could have been
If I had been there

[Chorus:]
Jealous of the one who'se arms are around you
If she's keeping you satisfied
Jealous of the one who finally found you
Made your sun and your stars collide
La la la la la la
She's a very very lucky girl
La la la la la la

Jealous of the one who won your heart
They say it's a perfect match
She's gonna get to be where you are
And I don't get better than that
She'll say you're fine
Whisper words I wish were mine
And they might have been
If I had been there

[Chorus]
You know I'd fight the good fight
If I thought I'd change your mind
But if she makes you happy
I would leave that dream behind
Man, she better treat you right
And give you everything
Cause at the moment she doesn't
I'll be waiting in the wings

[Chorus]
La la la la la la la
She's a very very lucky girl
