

Arizona Zervas, MY TIME

All i have is my time
God dammit
Please don't waste mine
Girl you fine gotta let you know
But if you tryna play me gotta let you go
(Ohh)

Brand new wrist, perfect timing
Diamonds all hittin and she like it yeah
Ridin in the whip up on muhhalland
We took a lil trip up out to kona yeah

What is her name she wanna talk like me
Diamonds and chains she wanna boss like me
Give you everything if you fall by me
Fuck am i saying girl you all i need

All i have is my time
God dammit
Please don't waste mine
Girl you fine gotta let you know
But if you tryna play me gotta let you go
(Ohh)

We always wildin
Go to the island
Runnin a mile away from home
But i can't let you go
Everytime i get way to close

What is her name she wanna talk like me
Diamonds and chains she wanna boss like me
Give you everything if you fall by me
Fuck am i saying girl you all i need

All i have is my time
God dammit
Please don't waste mine
Girl you fine gotta let you know
But if you tryna play me gotta let you go
(Ohh)

All i have is my time
Please don't waste mine
Please don't waste mine
