

# Armin Van Buuren, Gypsy

God is my witness  
I can feel you  
There before my very eyes  
A vision to me

Don't put out this fire  
It's burning for  
Burning for me  
Burning for you

Standing within the sunlight  
Pressed against me  
Takes me back to other times  
Different days

Love, act to surrender  
Belongs to  
Belongs to me  
Belongs to you

Lay down on me  
Naked gypsy  
Watching you bathe in water  
False shelter lies  
Fear in your eyes  
Give me a son and daughter

There is nothing I can see in my mind  
A picture of you  
Painted so vividly

Love runs through my fingers  
Then through  
Through my light  
Through my darkness

Lay down on me  
Naked gypsy  
Watching you bathe in water  
False shelter lies  
Fear in your eyes  
Give me a son and daughter

Son and daughter

Lay down on me  
Naked gypsy  
Watching you bathe in water  
False shelter lies  
Fear in your eyes  
Give me a son and daughter

Lay down on me  
Naked gypsy  
Watching you bathe in water  
False shelter lies  
Fear in your eyes  
Give me a son and daughter

Son and daughter
