## Armin Van Buuren, I'll Listen (feat. Ana Criado)

I won?t ask you why No I won?t play devil?s advocate Don?t wanna try and fix it And make it about me When you?re lost and all alone in your pain And nothing seems to make sense all in vain You find in here a safe space to cry And I?II just meet you there The other And you can share your heart Show yourself I?II listen And you can say it all Reveal yourself I?II listen I?ll listen, I will listen I?ll listen, I?ll listen And you can share your heart Show yourself When you need it Just believe it I?II listen And you can say it all Reveal yourself When you feel it Just believe it **I**?II listen I?ll listen, I will listen I?ll listen, I?ll listen And you can share your heart Show yourself **I**?II listen And you can say it all Reveal yourself **I**?II listen
