

Armin Van Buuren, Never Wanted This

Leave me in the outside
Where I can feel the rain fill off my shoes
Cover me with kisses
And I will soon forget what I've been through

Run away forever
Leave me with no "forward" in the glance
Find another lover
Leave me in emotional undress

(Ch.):
I never wanted this
I never asked you for anything
I never wanted this (Ch. x2)

Bitter sweet reception
Take my hand and look into my eyes
Father of Invention
Only You could make a truth from lies

(Ch.):
I never wanted this
I never asked you for anything
I never wanted this (Ch. x2)
